

PUBLIC HORTICULTURE INTERNSHIP - 2026

Job Description

Please note, there are two internships available!

Position Title: Public Horticulture Intern

Department: Horticulture

Reports To: Colin V. Lee, Curator of Plant Collections & Amanda Goodwin, Horticultural Manager

Employee Status: Summer Intern

Employment Timeline: Mid May - Mid August (flexible start and finish date(s), based on candidate's schedule).

Organization Mission: To protect the alpine environment through education, conservation and living plant collections.

Internship Mission: Beyond the primary focus of providing a beautiful garden experience for every Guest, this internship will present the intern with many opportunities to broaden their experience within the horticulture, conservational and educational fields and to learn about different careers in Public Horticulture.

Academic/Experiential-Learning Nexus: Horticulture, Public Gardening.

Overview: Betty Ford Alpine Gardens is an internationally acclaimed botanic garden known for its alpine horticulture, education and conservation. Located in the small resort town of Vail, Colorado which attracts a global audience for its skiing and outdoor recreation, Betty Ford Alpine Gardens is the highest elevation botanical garden in North America situated at 8,200' (2,700 m) in the central Rocky Mountains. The 4.6 acre cultivated gardens attracts more than

200,000 visitors annually to see its unique collection of alpine and mountain plants collected from around the world.

Position Summary: The intern will immerse themselves in the following areas:

- Ornamental gardening, including planting, mulching, weeding, staking, dead-heading, pruning, watering, pest identification and integrated pest management, plant identification, and developing knowledge of plant, design, and material needs
- General maintenance of gardens and educational center, horticulture buildings, and equipment, including raking, sweeping, cleaning, sharpening, and repairs as needed
- Propagation/Production, including collection, storage, and sowing of seed, cuttings, transplanting, watering, additional plant care, and greenhouse management
- Conservation duties, plant pressing, seed collection, in-field plant ID, plant collection, hiking day trips.
- Plant curation, including labeling, record-keeping, mapping, plant photography, and phenology
- Other departmental and/or organizational duties as needed (e.g., special events, etc.)

Qualifications: The successful candidate must be comfortable interacting with Guests, Staff, and Board members. The candidate must have some educational and/or practical experience in horticulture, botany, and/or landscape design/maintenance. They must be enthusiastic about plants, conscientious of the environment, and be willing to participate in all horticulture and garden maintenance practices, including cross departmental duties.

Schedule: This is a five-day/week 40hrs +/- on-site internship (days and hours will vary). This position begins in May/June 2025 and continues through August of 2025, with some flexibility on start and finish dates, due to candidate availability (e.g., school schedule, etc.).

Internship Housing and Pay Details: \$500/ week stipend, plus shared housing with other interns provided at no cost to intern(s) in Vail via Betty Ford Alpine Gardens and Vail Resorts. Housing is about 1.5 mi away from gardens, 20 min walk to gardens and housing is very accessible to the free Town of Vail Bus System. Applicants may have a car but do not need a car.

Application Deadline: Applications are currently open, apply today. Application closes **Feb 1st**.

Send resume, cover letter & (3) references via email to:

Colin V. Lee, Curator of Plant Collections.

colin@bettyfordalpinegardens.org
